Subject: Leases for Converse County Oil and Gas Project, Draft EIS

To: blm_wy_casper_wymail@blm.gov

Dear Mike Robinson:

My name is Chris Mochulsky and I am writing a comment on DEIS for the Converse County Oil and Gas Project, 83 FR 3767.

I am requesting that you send me the all of the mineral leases that the operating group has obtained for the Converse County Project Area.

This request is made pursuant to the CEQ Regulations for Implementing NEPA, which state in relevant part that the BLM shall make "any underlying documents available to the public pursuant to the provisions of the Freedom of Information Act[.] Materials to be made available to the public shall be provided to the public without charge to the extent practicable[.]" 40 C.F.R. § 1506.6(f).

Thanks,

Chris Mochulsky
